# Overview

- 13th biannual CMB-S4 collaboration meeting
- 4th entirely virtual meeting
  - SOC & LOC took note of feedback from last virtual meeting
- Continues the regular cadence of project-focused spring and science-focused summer meetings
- 356 participants
  - 189 team members, 167 friends
  - 120 institutions in 20 countries
  - Apologies to those for whom the time-zone is inconvenient
  - Please come socialize in [gather.town](#) before & after each day's sessions

# Science Themes

- 3 themes each day on Tuesday, Wednesday & Thursday
  - SOC tried to avoid obvious conflicts - apologies if your favorite themes are in parallel.
- Each theme will feature
  - Plenary Introduction
  - Parallel session
  - Plenary summary report (following day)
- Each theme has
  - Two coordinators
  - A public google doc for notes/comments/questions
  - A note-taker and a zoom chat-monitor

# Other Highlights

- Conference photo today at 10:40am PDT
- EDI event on Monday, followed by discussion
- Gather.Town social events, especially Wednesday/Thursday
- Poster sessions in Gather.Town on Tuesday and Friday
  - Spring 2021 posters are still up too, in a separate room
- Junior/Senior sessions on Tuesday
- Junior talks on Friday
- Teen Jeopardy EPO event on Wednesday
